

ADVISORY BULLETIN

June 22, 2020 Supersedes December 10, 2018

MMFLA Restrictions for Patients and Caregivers

Pursuant to the Medical Marihuana Facilities Licensing Act (MMFLA), there are restrictions for employees, licensees, and investors related to their registration with the Michigan Medical Marijuana Program (MMMP).

Rule 2(2)(i) in the Marihuana Employees Rule Set - R 420.602(2)(i)

When a registered primary caregiver is hired as an employee of a grower, processor, or secure transporter licensed under the MMFLA, the individual shall withdraw registration as a registered primary caregiver.

Rule 10(2) in the Marihuana Licensees Rule Set - R 420.110(2)

To be eligible for a secure transporter license under the MMFLA, the applicant and each investor with an interest in the secure transporter must not be a registered qualifying patient or registered primary caregiver. These restrictions do not apply to employees, licensees, or investors of safety compliance facilities or provisioning centers under the MMFLA.

Marijuana Regulatory Agency (MRA) inspectors will ask for proof of card status withdrawal during an inspection of a licensed grower, processor, or secure transporter.

Section 501 (8)(a) in the MMFLA 333.27501

Until December 31, 2021, licensed growers and processors must have a minimum of 2 years' experience as a registered primary caregiver or employ someone who does.

Until December 31, 2021, MRA inspectors will verify the designated person's caregiver experience during an inspection of a licensed grower or processor.

Any non-compliance with these requirements may result in failed inspections or sanctions, including, but not limited to, license denial, limitation, fines, revocation, suspension, nonrenewal, administrative holds, and orders to cease operations.

Questions can be sent to the MRA via email at MRA-Enforcement@michigan.gov.
